

# ECO BUILDER

Resources for green  
building professionals.

October 2016

We have just launched the start of our fall [Reuse Rockstar](#) competition! Reuse Rockstar is a friendly competition that highlights customers who have upcycled, transformed or re-purposed items from EcoBuilding Bargains into creative and functioning pieces. [Enter your submissions](#) by November 10th to win a \$100 gift card to EcoBuilding Bargains.

The Massachusetts building code is changing to include state amendments to the base energy code and stretch energy code. It will become effective January 1, 2017. Are you up-to-date with [the new requirements?](#)

We still have space in our training workshops to help builders and industry partners understand the changes. We will also offer practical solutions to meet the new standards.

Our next training is Wednesday, November 9th.

[Sign up today!](#)

The Center for EcoTechnology is here to help builders, architects, and HVAC professionals with high-performance goals to achieve optimum energy efficiency in their residential new construction or full renovation projects.

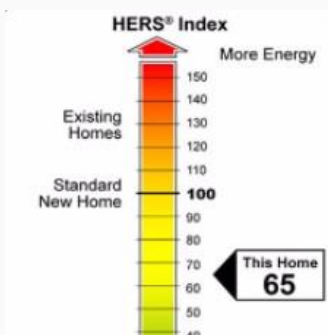

Call CET for assistance with meeting energy code requirements, earning utility incentives of up to \$4,500 per home, or achieving a green building certification!
