

ECO BUILDER

Resources for green
building professionals.

February 2017

Attend one of our Energy Code trainings to learn exactly what is required by the IECC 2015 and some ways to comply with the new requirements.

Upcoming trainings:

Thursday March 9, 2017

Wednesday April 5, 2017

Thursday May 4, 2017

Wednesday June 7, 2017

[Learn more and register for the new IECC 2015 code training here](#)

[The Northeast Sustainable Energy Association's](#) (NESEA) annual BuildingEnergy Boston Conference and Trade Show will be on March 7-9, 2017. Don't miss out on the region's leading event for building

professionals working to build a more sustainable world.

[Registration is now open.](#)

The Center for EcoTechnology is here to help builders, architects, and HVAC professionals with high performance goals to achieve optimum energy efficiency in their residential new construction or full renovation projects.

Call CET for assistance with meeting energy code requirements, earning utility incentives of up to \$4,500 per home, or achieving a green building certification!
